

THE CALIFORNIA COMMISSIONER OF FINANCIAL INSTITUTIONS
HEREBY ADOPTS THE FOLLOWING REGULATIONS
TO CHAPTER 1, TITLE 10, CALIFORNIA CODE OF REGULATIONS
EFFECTIVE: JUNE 1, 2009

1. Subchapter 4 is added to Chapter 1, Title 10 of the California Code of Regulations to read:

SUBCHAPTER 4. CALIFORNIA FORECLOSURE PREVENTION ACT

ARTICLE 1. REQUIREMENTS

2. Section 4.1 is adopted to read:

§ 4.1. Scope of Regulations.

(a) This subchapter clarifies the application of Civil Code Sections 2923.52 and 2923.53, and sets forth the minimum requirements for a comprehensive loan modification program under Civil Code Section 2923.53, in order for a residential mortgage loan servicer to be exempted from the provisions of Civil Code Section 2923.52.

(b) The modification of loans in conformance with the Home Affordable Modification Program Guidelines issued by the U.S. Department of the Treasury on March 4, 2009, as amended (the "Guidelines") shall constitute the implementation of a comprehensive loan modification program that meets the requirements of subdivision (a) of Civil Code Section 2923.53, and shall be deemed to meet all of the requirements in this article (including Sections 4.2, 4.3, 4.4, 4.5, and 4.6). All other comprehensive loan modification programs shall comply with the minimum standards in this article to obtain an order from the Commissioner for exemption from the provisions of Civil Code Section 2923.52.

(c) For purposes of this subchapter, "residential mortgage loan" shall mean any loan primarily for personal, family, or household use that is secured by a mortgage, deed of trust, or other equivalent consensual security interest on a dwelling (as defined in section 103(v) of the Truth in Lending Act) or residential real estate upon which is constructed a dwelling (as so defined).

(d) For purposes of this subchapter, "borrower" shall mean a person who was the original

obligor on the note or other secured obligation primarily for personal, family or household use and who is the trustor or mortgagor under the security device. "Borrower" includes a person who has formally assumed the secured obligations with the written consent of the beneficiary or mortgagee.

NOTE: Authority cited: Section 2923.53(d), Civil Code. Reference: Sections 2923.52 and 2923.53, Civil Code.

3. Section 4.2 is adopted to read:

§ 4.2. Eligibility.

(a) For an applicant to obtain an order of exemption from Civil Code Section 2923.52, the comprehensive loan modification program shall, at a minimum, be available for borrowers and residential mortgage loans meeting the following requirements:

1) The residential mortgage loan to be modified was recorded during the period of January 1, 2003 to January 1, 2008.

2) The borrower occupies the property as his or her principal residence, and occupied the property as his or her principal residence at the time the loan became delinquent.

3) The loan is in default, and a notice of default has been filed with the county recorder under Civil Code Section 2924 for the mortgaged property.

4) The residential mortgage loan is the first lien on the property, and either the property is not subject to a subordinate lien, the subordinate lien holder has agreed to subordinate to the modified first lien, or an agreement from the subordinate lien holder is not necessary for the first lien to remain in first position upon the modification of the loan.

5) The mortgaged property is located in California.

6) The borrower can document assets, income or likelihood of future earnings to establish the ability to repay the modified loan, using customary underwriting criteria and analysis or current industry standards.

7) The borrower has not surrendered the property.

8) The borrower has not contracted with an organization, person or entity whose primary business is advising people who have decided to leave their homes regarding how to extend the foreclosure process and avoid their contractual obligations to mortgagees or beneficiaries.

9) The borrower does not currently have a bankruptcy action pending under Chapter 7, 11, 12, or 13 of Title 11 of the United States Code.

(b) Nothing in this section prohibits a mortgage loan servicer from including more residential mortgage loans and more borrowers in a comprehensive loan modification program than the minimum set forth in this section, including the borrowers described in paragraphs 8 and 9 of subsection (a) of this rule. For example, the Commissioner will consider a program that includes borrowers whose loans have not yet become delinquent, but such delinquency is reasonably imminent. For purposes of this subchapter, "delinquent" means that the borrower has defaulted on an obligation in the note, deed of trust, mortgage or related loan documents for 30 or more days. "Delinquent" does not include defaults based upon failure to pay at maturity except where maturity has been accelerated and is subject to reinstatement pursuant to Civil Code Section 2924c.

(c) A mortgage loan servicer that has obtained an order from the Commissioner exempting it from Civil Code Section 2923.52(a) is not required to provide a borrower identified in subsection (a) of this rule with an additional 90 days in the foreclosure process.

(d) A comprehensive loan modification program may, but need not, provide for the modification of a loan for a borrower or residential mortgage loan that does not meet the eligibility requirements in subsection (a) of this rule.

NOTE: Authority cited: Section 2923.53(d), Civil Code. Reference: Sections 2923.52 and 2923.53, Civil Code.

4. Section 4.3 is adopted to read:

§ 4.3. Availability.

(a) For an applicant to obtain an order of exemption from Civil Code Section 2923.52, the

comprehensive loan modification program shall, at a minimum, be made available to any borrower meeting the eligibility requirements of section 4.2 of these rules who calls, writes, or otherwise communicates with the mortgage loan servicer to notify the servicer of a financial hardship or to explore modifications to an existing loan, and shall be made available to borrowers as part of the contact required under Civil Code Section 2923.5.

(b) Every servicer that contacts a borrower in writing under Civil Code Section 2923.5 shall notify the borrower of the availability of the servicer's comprehensive loan modification program.

(c) A servicer is not required to comply with this section if the loan is investor-owned and the pooling and servicing agreement or other contract prohibits the servicer from modifying the loan in the manner set forth in this subchapter.

NOTE: Authority cited: Section 2923.53(d), Civil Code. Reference: Sections 2923.52 and 2923.53, Civil Code.

5. Section 4.4 is adopted to read:

§ 4.4. Program Requirements.

For an applicant to obtain an order of exemption from Civil Code Section 2923.52, the comprehensive loan modification program shall meet the minimum requirements in Sections 4.5 and 4.6 of these rules.

NOTE: Authority cited: Section 2923.53(d), Civil Code. Reference: Sections 2923.52 and 2923.53, Civil Code.

6. Section 4.5 is adopted to read:

§ 4.5. Loan Modification Features.

(a) Any residential mortgage loan refinanced under the HOPE for Homeowners Program of the HOPE for Homeowners Act of 2008 (Title IV of Division A of the Housing and Economic Recovery Act of 2008 (Pub. L. 110-289, 122 Stat. 2654, approved July 30, 2008), as amended, and the rules adopted thereunder) is conclusively presumed to meet the minimum requirements for a loan

modification under a comprehensive loan modification program.

(b) Any residential mortgage loan refinanced under the Home Affordable Refinance Program announced by the U.S. Department of the Treasury on February 18, 2009, is conclusively presumed to meet the minimum requirements for a loan modification under a comprehensive loan modification program.

(c) Anticipated Recovery (NPV) Test

(1) For purposes of determining the anticipated recovery from foreclosure and the anticipated recovery from a loan modification, the net present value of the anticipated recovery shall be based on reasonable assumptions regarding discount rates, property values, costs of foreclosure, costs of modification, and ability of borrowers to pay. A servicer shall have internal or external evidence to support the validity of the assumptions in the calculations. The use of the Net Present Value Model Parameters in the Home Affordable Modification Program Guidelines, including applicable discount rates, cure rates and redefault rates, issued by the Department of the Treasury on March 4, 2009, and any amendments thereto, shall meet the requirements of this section and shall not require additional evidence or support. If a servicer's anticipated recovery (NPV) model differs from the Treasury's Net Present Value Model Parameters, a servicer shall explain the differences in the application and set forth a justification for the differences.

(2) Where the net present value of the anticipated recovery from a loan modification meeting the parameters of this section exceeds the net present value of the anticipated recovery from foreclosure, the servicer shall provide a loan modification to eligible borrowers unless:

(A) A borrower is unable to document his or her ability to repay the loan; or

(B) After reducing the interest rate, extending the amortization period, forbearing principal, or modifying the loan in another manner reasonably designed to facilitate repayment of the loan, the servicer is unable to achieve a loan modification for the borrower that results in a borrower's ability to repay the loan, under customary underwriting criteria and analysis or current industry standards.

(d) Debt to Income Ratio of 38% or Less

(1) For purposes of applying the anticipated recovery test, a servicer shall target a 38% housing-related debt to gross income ratio. However, a servicer is not required to meet this ratio for every loan modified under the program. A servicer's loan modifications shall, on an aggregate basis, target a 38% housing-related debt to gross income ratio. A servicer may use any reasonable statistical analysis of loan modifications to establish that its loan modification program targets a 38% housing-related debt to gross income ratio on an aggregate basis, and may, but is not required to, include loan modifications beyond those meeting the minimum eligibility requirements under this subchapter.

(2) For loan modification programs that do not achieve a 38% or lower ratio, on an aggregate basis, a servicer shall be able to establish other borrower characteristics that support a borrower's ability to repay the loan. These characteristics may include, but are not limited to, assets, a high income, low consumer debt, or any other borrower characteristics that support a borrower's ability to repay the loan, using customary underwriting criteria or current industry standards. If a servicer's comprehensive loan modification program does not achieve a debt-to-income ratio of 38% or lower, on an aggregate basis, the servicer shall explain in the application the reasons for the higher ratio.

(3) For purposes of calculating housing-related debt to gross income, housing-related debt does not include junior liens.

(e) Other Features

(1) A comprehensive loan modification program shall include at least two of the following features:

(A) An interest rate reduction, as needed, for a fixed term of at least 5 years.

(B) An extension of amortization period for the loan term, to no more than 40 years from the original date of the loan.

(C) Deferral of some portion of the principal amount of the unpaid principal balance until

maturity of the loan.

(D) Reduction of principal.

(E) Compliance with a federally mandated loan modification program.

(F) Any other factor the Commissioner determines is appropriate, as identified and described in the servicer's application and approved by the Commissioner. Some factors may include, but are not limited to, back-end debt-to-income ratios, elimination of certain delinquency-related charges, modifications for borrowers who are not delinquent, but where such delinquency is reasonably imminent, and other forms of modification that result in a reduction of monthly payments for borrowers.

(2) While a comprehensive loan modification program must include at least two of the features set forth in paragraph (1), each individual loan modification need not include two features.

(3) A servicer shall have criteria in place that define when a borrower qualifies for the potential concessions or modifications.

(f) Long-term Sustainability:

A loan modification shall be presumed to constitute a long-term sustainable modification if it includes at least one of the following characteristics:

(1) The modification provides a reduction in monthly payment for the borrower for at least 5 years;

(2) The modification provides the borrower with a housing-related debt to gross income ratio of 38% or less;

(3) After the modification, the borrower's back-end debt-to-income ratio (as defined in the Home Affordable Modification Program Guidelines issued by the Department of the Treasury on March 4, 2009) is equal to or less than 55%;

(4) The borrower is current under the terms of the modified loan at the end of a 3-month trial period; or

(5) The modification is pursuant to the Home Affordable Modification Program Guidelines, HOPE for Homeowners Program, or another federal program intended to reduce the rate of foreclosures.

NOTE: Authority cited: Section 2923.53(d), Civil Code. Reference: Sections 2923.52 and 2923.53, Civil Code.

7. Section 4.6 is adopted to read:

§ 4.6. Other Requirements for Comprehensive Loan Modification Programs.

(a) If a loan modification consists solely of a repayment plan, a servicer must be able to validate that the borrower has a housing-related debt to gross income ratio of 38% or less, and that under customary underwriting analysis and criteria or current industry standards the servicer has reasonable grounds to support the ability of the borrower to repay the loan. For purposes of this subsection, a repayment plan means a plan or arrangement where loan amounts past due, including principal, interest, late fees or other penalties, are added to the principal amount due on a loan and re-aged so that the loan is no longer delinquent, and no other loan concessions as described in Civil Code Section 2923.53(a) are provided to a borrower.

(b) A servicer shall consider all eligible loans under this subchapter unless prohibited by the rules of the applicable pooling and servicing agreement or other investor servicing agreements.

(c) A servicer shall use reasonable efforts to remove any prohibitions and obtain waivers or approvals from all necessary parties, including, but not limited to, junior lien holders and investors.

(d) For any request to modify a loan made by a borrower and received by the mortgage loan servicer prior to the expiration of 3 months following the recording of a notice of default, a servicer shall act on the request within a reasonable time period, and shall have procedures and processes in place to ensure that delays in the process not caused by a borrower do not adversely impact a borrower in the modification or foreclosure process. For purposes of this subsection, a mortgage loan servicer that evaluates a loan modification request in accordance with the time periods recommended

in the HOPE NOW Mortgage Servicing Guidelines dated June 9, 2008, and hereby incorporated by reference, shall be deemed to be acting on a loan modification request in a reasonable time. Every mortgage loan servicer shall have a process in place to provide a borrower an acknowledgement of the receipt of a loan modification request. Nothing herein is intended to prevent a mortgage loan servicer from accepting and processing a borrower loan modification request received after three months from the date the notice of default is recorded.

(e) If a borrower fails to participate in the modification process by providing documentation within a reasonable time or otherwise abandoning the borrower's loan modification request, a servicer may decline the request and pursue other remedies such as foreclosure sale. For purposes for this subsection, a borrower that provides documentation with two weeks of a request by a servicer shall be presumed to have provided documentation within a reasonable times. A servicer shall notify a borrower in writing of the time period to respond to a request for information and the potential consequence of failing to provide information in a reasonable time, prior to declining a loan modification request because of a borrower's undue delay.

(f) A comprehensive loan modification program may include other foreclosure alternatives for borrowers who do not qualify for a loan modification or who no longer wish to remain in the property, such as short sales or deeds-in-lieu of foreclosure.

(g) A servicer is not required to modify a loan more than once, regardless of whether the modification was entered into prior to the operative date of the California Foreclosure Prevention Act (Civil Code Section 2923.52 et seq.) or thereafter pursuant to a comprehensive loan modification program approved by the Commissioner, provided that the initial modification reduced the borrower's monthly payments.

NOTE: Authority cited: Section 2923.53(d), Civil Code. Reference: Sections 2923.52 and 2923.53, Civil Code.

An applicant may file an application at any time. An applicant will be temporarily exempt from subdivision (a) of Civil Code Section 2923.52 upon the receipt of the exemption application by the appropriate Department as noted above. The Department will identify the servicer as having a Temporary Order on the Department's website, and mail a Temporary Order to the servicer.

4. Final Order

Within 30 days of the latter of the date of receipt of an application or the operative date of Civil Code Section 2923.52, the Department will notify the servicer of whether the servicer has a comprehensive loan modification program that meets the requirements of Civil Code Section

9. Section 4.8 is adopted to read:

§ 4.8. Changes to Program after Final Order.

(a) A servicer may not alter its comprehensive loan modification program after the servicer receives a Final Order from the Commissioner, unless the servicer informs the Commissioner of the change to be made to the program. Any alterations to the program that cause the program to fall out of compliance with the approved program shall require a new application for exemption from the Commissioner. Nothing herein shall prevent a servicer from adding additional features to the modification program where such features are designed to increase the eligible volume of loans to be modified, reduce the amounts of monthly payments to borrowers, or reduce the probability of redefault, provided that the Commissioner receives timely notice of such alteration. Such timely notice shall not be greater than sixty (60) days after the changes to the modification program are proposed

or initiated.

(b) A change made by the federal government, or an agent thereof, to a federal program, including but not limited to the Home Affordable Modification Program, the Home Affordable Refinance Program, or the Hope for Homeowners Program, shall not constitute a change to a comprehensive loan modification program and shall not require a new application nor require notice to the Commissioner.

11. Section 4.10 is adopted to read:

ARTICLE 4. DATA COLLECTION

§ Section 4.10. Reports.

(a) A servicer that obtains a Final Order exempting the servicer from the provisions of subdivision (a) of Civil Code Section 2923.52 shall, upon request of the Commissioner, report loan modification data to the Commissioner on a quarterly basis, with the first report due no later than 90 days after a mortgage loan servicer obtains a final order from the Commissioner.

(b) The loan modification data shall be reported on the FORECLOSURE PREVENTION LOAN

MODIFICATION DATA report form, dated May 21, 2009, hereby incorporated by reference.

(c) A mortgage loan servicer may seek a waiver from all or part of the reporting requirements of this section by requesting a hardship exemption from the Commissioner. A hardship exemption may be granted if a mortgage loan servicer is able to establish one or more of the following:

1. The servicer's volume of loans that are eligible for a comprehensive loan modification program will not be of any reasonable statistical value to the evaluation of the effectiveness of the California Foreclosure Prevention Act.
2. The servicer's infrastructure prevents it from collecting the data requested by the Commissioner, or the necessary changes are cost prohibitive. In granting a hardship exemption under this paragraph, the Commissioner may require a servicer to collect and report on information in the format that the servicer maintains the information or such other format agreed upon between the servicer and the Commissioner.

(d) The Commissioner may accept a report required or requested under, or pursuant to, a federal loan modification program, in lieu of the report in subsection (b).
